

## Philosophy and Mission Statement

We believe that the educational process is the shared responsibility of all members of the school community. We are committed to creating a climate of universal respect among members of our community. Within this climate, each child learns to be a responsible, life-long learner. It is our goal to provide high quality early childhood education in a warm, nurturing atmosphere. We believe that every child has unique skills and we are dedicated to helping each child develop these skills and reach his or her full potential. Our program offers the benefits of experienced staff and individualized curriculum that meets the Guidelines for Preschool Learning Experiences.

## Tuition

We follow the regular school calendar. Tuition has been set for 35 weeks of school. We divide these weeks into ten equal payments, to be paid on the first Wednesday of each school month.

We require a nonrefundable first month tuition deposit in order to secure your child's spot in our program. This deposit will be applied to the first month's tuition. Notification of cancellation must be received by June 10<sup>th</sup> in order to obtain a refund.

If applications exceed the number of available spaces, we will hold a lottery for the available spaces. Preferences will be given to returning students and to siblings of previously enrolled students.

## Inclusive Education for children 3-5 years of age

---

Our inclusive preschool programs include both children with specific learning needs and children who have no identified needs. Inclusive education seeks to provide meaningful education to the range of students in our communities by drawing strength from their diversity.

Our curriculum is based on the Massachusetts Guidelines for Preschool Learning Experiences. We teach thematic units, planned jointly by all preschool staff, addressing social and emotional skills, play skills, self help skills, communication skills, gross, fine and visual motor skills, and cognitive skills.
